

Bunts college of Higher Education – Night College

Hands on Training Workshop on Cartooning.

A Report

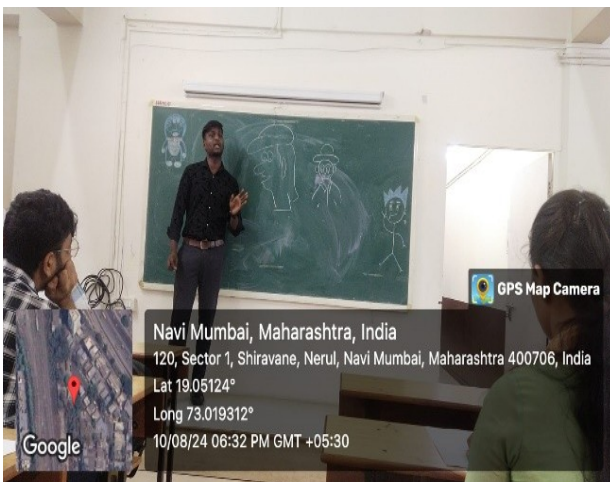

- **Date:** 10th August 2024
- **Venue:** Classroom 204
- **Objective:** To Enhance the Creativity
- **Resource Person:** Mr. Praniket More

The Principal of Bunts college of Higher Education (Night College) welcome the resource person by offering a Plant of ‘Tulsi’ as a token of love from college. The respected Principal explained the importance of extra-curricular activities as NEP point of view. He motivates students to attend such types of workshop.

The workshop aimed to teach fundamental cartooning techniques, character design, and storytelling. Participants engaged in activities like character creation, storyboarding, culminating in a final project where they produced a cartoon strip.

The best part about the workshop was, students learn ‘Warli Characters’ (type of accents of cartooning)

Resource person also called the students to draw cartoons on the blackboard. No doubt this practice can improve the hand writing of the students too.
